WE PROVIDE MISSIONAL TRAINING EQUIPPING CHRISTIAN LEADERS TO TRANSFORM THEIR COMMUNITIES WITH THE GOSPEL OF JESUS CHRIST

ForMission's BA Undergraduate programme is designed to develop your skills in mission and ministry. You will study the core areas of Biblical Studies (Old and New Testament), History of Mission, Missional Theology, and a range of subjects depending on your chosen electives.

Our combined learning approach provides excellent support for your studies and ministry placement. We offer the programme to European students in partnership with Josiah Venture at the European Online Campus. This campus combines online learning with residential retreats, allowing students to stay rooted in their local context while also gaining cross-cultural ministry experience. The curriculum is tailored to uniquely prepare students to serve as missional leaders in the context of Central and Eastern Europe.
